

# New River Birding & Nature Center

Sharing the secrets of science and nature in the New River watershed  
with West Virginians and their friends.

**Sponsor A Section of Boardwalk** to help build the New River Birding & Nature Center's Wetlands Boardwalk, providing a unique perspective for environmental education and serene walks and all interests in between. The Wetlands Boardwalk extends into a 15-acre beaver maintained wetland, helping preserve the natural and scenic resources through accessibility and education for school groups, clubs, birdwatchers, and self-guided visitors, as well as providing curriculum and programming for all ages to demonstrate the vital role wetlands play in the ecosystem and the diverse habitat they support.

**Only \$1000 for a twelve foot section of Boardwalk**, your contribution may be tax deductible, supports the effort of preservation and shares your love for the environment in physical form as a forever memento you may visit and take pride in.

Boardwalk Sponsors get an engraved plaque (featuring the family's name, a milestone, a logo, or message of choice) permanently fixed onto your newly built and maintained section of boardwalk.

Your donation will help build and maintain the Wetlands Boardwalk, preserve a unique environment, and provide environmental education and recreation to youth and community.
